Column name	Type	Scale (if Qualitative)
spotify_track_uri	Qualitative	Nominal (Unique identifier)
Ts (Time stamp)	Quantative	Continuous (Time Based)
Platform	Qualitative	Nominal (Device Used)
ms_played	Quantitative	Continuous (Milliseconds Played)
track_name	Qualitative	Nominal (Song Title)
artist_name	Qualitative	Nominal (Album Title)
album_name	Qualitative	Nominal (Artist Name)
reason_start	Qualitative	Nominal (Why The Song Started)
reason_end	Qualitative	Nominal (Why The Song Ended)
shuffle	Qualitative	Nominal (Whether Shuffle Was On/Off)
skipped	Qualitative (Binary)	Ordinal (Yes / No)

Descriptive Statistics for Six Variables of Interest

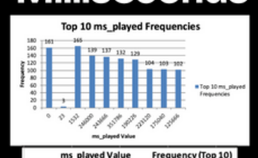

Quantitative

1. `ms_played` (Total milliseconds played)
   - **Count:** 149,860
   - **Mean:** 128,316.64 milliseconds
   - **Standard Deviation:** High variability indicating diverse listening durations (117,840.06 ms)
   - **Minimum:** 0 ms (indicating skipped tracks)
   - **Maximum:** 1,561,125 ms (reflects extended listening sessions)

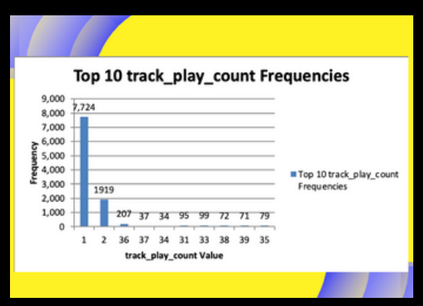

`rack_play_count` (Number of times each track was played)
- **Count:** 13,839 unique tracks
- **Mean:** 10.83 plays per track
- **Standard Deviation:** 19.58 plays (indicating varied popularity among tracks)
- **Minimum:** 1 play (least played tracks)
- **Maximum:** 207 plays (most played track)

3. `session_duration_per_day` (Total playtime per day)
   - **Count:** 2,715 days of activity
   - **Mean:** 7,082,700 milliseconds (approximately 118 minutes per day)
   - **Standard Deviation:** 6,920,662 ms (shows fluctuations in daily listening habits)
   - **Minimum:** 0 ms (days with no activity)
   - **Maximum:** 48,567,750 ms (approximately 13.5 hours in a single day)

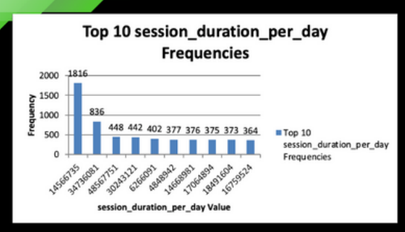

Top 10 Played by Milliseconds

ms_played Value		Frequency (Top 10)
ABC CAFÉ/R	0	161
Brillando	23	3
HAPPY	1532	165
TRUE LOVE	246000	139
IN THE BLO	243666	137

1/6/17	16759524	364

Qualitative Variables:

4. `platform` (Platform used to play music)
   - **Unique Platforms:** 6
   - **Most Frequent Platform:** Android
   - **Frequency:** 139,821 plays from Android

5. `artist_name` (Artists listened to)
   - **Unique Artists:** 4,113
   - **Most Played Artist:** The Beatles
   - **Frequency:** 13,621 plays for The Beatles

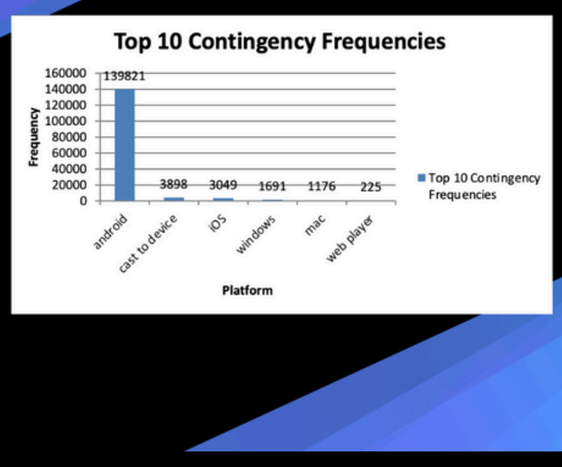

6. `shuffle` (Whether shuffle was enabled)
   - **Values:** True / False
   - **Most Common State:** Shuffle ON
   - **Frequency:** 111,583 plays with shuffle enabled

	Frequency (Top 10)
TRUE	111583
FALSE	38277

CONTINGENCY TABLES

1/6/17	16,759,524	364	0.04

Spotify

In this in-depth analysis, we aim to understand what the dataset reveals and identify its most essential aspects. By exploring the dataset, we can gain valuable insights, such as the most listened-to song or album, which song has the highest number of skips, and other key trends in listening behavior.
